

## What We Support

The ARI is committed to nurturing UCSF's HIV researchers, clinicians and educators by delivering targeted, unrestricted funds to support their groundbreaking work. We are able to support this work because of donations from our generous supporters. Thank you to our donors whose efforts have helped us get this far in the fight against HIV. Learn more about giving opportunities and how to donate <sup>[1]</sup>.

## See how the ARI uses donations and infrastructure to support HIV at UCSF:
